PATAGONIA 001

THE INAUGURAL LIVEWELLS EXPEDITION

Ignite in the Wild

FEB 27 – MAR 4, 2027 TORRES DEL PAINE, CHILE LIMITED TO 12 GUESTS

This is not a retreat.

Some places are meant to be seen. Others are meant to be experienced.

Welcome to Patagonia 001, the inaugural Livewells Expedition. An intimate journey into one of the world's last great wildernesses, created for those who believe a life well lived is one filled with extraordinary experiences, meaningful connections, and the courage to venture beyond what's comfortable.

Set against the dramatic landscapes of Chilean Patagonia, we'll spend our days exploring extraordinary terrain, pushing our boundaries, and discovering the kind of perspective that only comes from stepping away from the everyday.

But this expedition is about more than the destination.

It's about the people beside you. The conversations that continue long after dinner. The stories shared over good food and a glass of wine. The laughter around a fire. The unexpected friendships that turn an incredible trip into something unforgettable.

We've designed this experience to balance adventure with exceptional hospitality, thoughtful details, and the freedom to enjoy everything that makes life worth living.

No rigid wellness rules. No pressure to disconnect from the things you love. Just remarkable places, remarkable people, and experiences worth traveling across the world for.

The Arrival

DAY 01 · WELCOME TO THE END OF THE WORLD

Arrive in Chilean Patagonia, where the mountains meet the sea and the adventure begins.

Settle into your surroundings, meet your fellow explorers and enjoy an intimate welcome gathering. Great food, local wine and the first conversations of what promises to be an extraordinary week.

Tonight is about slowing down, finding your feet and discovering the people you'll share the journey with.

The Encounter

DAY 02 · TRACKING WILD PUMAS

Venture into the wild heart of Torres del Paine National Park, home to one of the world's most extraordinary populations of wild pumas.

Accompanied by experienced local trackers, we'll explore the rugged landscapes these magnificent predators call home, searching for signs of movement and the possibility of a rare encounter in their natural habitat.

Beyond the wildlife, discover vast valleys, turquoise lakes and the towering granite peaks that make Patagonia unlike anywhere else on Earth.

This is not a zoo or a staged experience. It's the wilderness, on its own terms. And that's what makes it extraordinary.

The Elements

DAY 03 · KAYAKING THE GLACIAL FJORD

Today, we take to the water.

Paddle through the breathtaking glacial fjords of Patagonia, surrounded by towering mountains, ancient ice and wilderness shaped by thousands of years of nature at work.

From the seat of a kayak, experience a different kind of adventure. The rhythm of your paddle, the cold Patagonian air and the immense scale of the landscape unfolding around you.

This is a day for perspective. For feeling wonderfully small in a world that is impossibly vast.

As evening falls, return to warmth, good company, dinner and stories from a day unlike any other.

The Challenge

DAY 04 · TORRES DEL PAINE

Some of the best experiences in life ask a little more of us.

Today, we lace up our boots and venture deep into one of the most spectacular national parks on Earth.

Trek through Patagonia's dramatic landscapes, from sweeping valleys and turquoise lakes to towering granite peaks. Along the way, our expert local guides share the stories, wildlife and natural wonders that make this place extraordinary.

Expect breathtaking viewpoints, fresh mountain air and moments that remind you what you're capable of.

The reward isn't simply the view. It's the feeling of having earned it.

The Wild Ride

DAY 05 · GAUCHOS & THE GOOD STUFF

Saddle up. This is not your ordinary horseback ride.

Join local gauchos, Patagonia's legendary horsemen, for an unforgettable journey into the mountains. Ride through rugged terrain, open valleys and landscapes that have shaped generations of life on the frontier.

This is authentic Patagonia. Wild, exhilarating and a little outside your comfort zone.

As the sun begins to set, trade the saddle for the warmth of an open fire and a traditional Patagonian asado.

Exceptional food, local wine, stories, laughter and drinks shared around the flames. A final evening celebrating everything we've experienced and the friendships forged along the way.

Because we don't believe in cutting out the good stuff. We believe in earning it.

The Reset

DAY 06 · RECOVER, REFLECT & RETURN

After five extraordinary days, we've earned a slower morning.

Begin with a restorative sauna and an invigorating glacial cold plunge. A chance to recover, reset and appreciate everything your body has carried you through.

Gather for one final breakfast together, sharing reflections, stories and the moments that made this journey unforgettable.

Take time to collect yourself, exchange farewells and prepare for whatever comes next.

You'll leave Patagonia with memories, new friendships, a few tired muscles and perhaps a different perspective on what it means to live fully.

The expedition ends. The stories don't.
